RESPONSE

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

RECEIVED
OCT 15 2002
GROUP 3600

In response to the Official Action dated July 3, 2002, please amend the application as follows:

IN THE CLAIMS

Please add new claims 25-52 as follows:

AK
25. (New) A method for generating information data related to at least one product on a remote computer which stores constant data related to the at least one product and a remote revision status in a memory of the remote computer, the constant data being a subset of information data related to the at least one product, the remote revision status providing an indication of the last time the constant data stored in the remote computer was updated, the method comprising the steps of:

storing and maintaining variable data and constant data related to the at least one product and a main revision status in a memory of a main computer, the main revision status providing an indication of the last time the constant data stored in the main computer was updated;
